Hey Cassidy,

Hows Boh? Remember when we walked our dogs together, Boh bit Hector's ass and left a little mark. Boy dogs huh...

I'm excited you've invited me to your bedroom. I was thinking: lets have a pajama party and chill and smoke a blunt and watch my new video about video, about words, about sculpture, about big things, about older men, about Richard Serra, about fucking an amusement ride.

all yours,
Ian xx
